OLD CLOTHES DAY APRIL 1

Civic Club Dance Tonight

Bob Beach Features Dance For Jaysee, H. S. Students

An exclusive dance for junior college and high school students will be given in the Civic Club this Friday, March 25, by Bob Beach's orchestra. Bob Beach, a former Jaysee student, as you know, has a group of extra super-super swing-time, sizzling hot, tin-pan tunesters, that will guarantee to tickle the toes of your grandfather's skeleton — or the skeleton in the closet. Bring it along (the skeleton) and your girl, and rattle your old bones to the 1-2-3-4 step-step-oompah of the big apple; and if you can't do that, why do your durndest — it's all the same idea.

It's not very often that an orchestra gives a dance, but it seems that the Jaysee boys who are in it, think that the social activities are few and far between. Oh, well, far be it from us to kick when a swell opportunity like this comes along, and for only 75 cents a couple, too. See you there tonight, kid! It's a date? Bring your high school babe, your Jaysee heart throb, that swell girl you've always wanted to date — just so you bring someone. Let's truck to town tonight!

JUNIOR C. OF C. FORMS CLUB

Starting right on their activities with the Chamber of Commerce, the junior college representatives are already making their place on the committees. Jack Kympton, Anthony Resetar, Harold Stigers, and Clarence Zingheim, have already met with various committees, and organizations. At the meeting of the representatives on March 22, they gave several interesting reports on their various fields.

Clarence Zingheim, who attended a safety committee luncheon on Tuesday, March 17, reported that Mr. Dean Lacey, Mr. Fred McCargar and Mr. Carl Voss all gave reports on the various aspects of school zones and scholarships.

Harold Stigers attended an educational committee meeting in Mr. Garth Lacey's office. Problems of education in Salinas were discussed and solutions offered.

Anthony Resetar, the agricultural representative, attended an agricultural meeting in Gonzales. Mr. Cozzens talked on the water conservation problem in the county. One man reported that the soil around Gonzales was being worn out by constant use, and that the farmers would turn to dairying.

After the reports were over, suggestions were made for a Junior Chamber of Commerce organization which would be formed of the boys who were chosen as representatives.

Temporary chairman was Bob Coover.

TOASTMASTERS HOLD MEETING

Dr. W. H. Farr, prominent local physician and head of the Salinas Toastmasters Club, acted as judge at the first regular meeting of the J. C. Junior Toastmasters. Dr. Farr was well pleased with the group as a whole and said the organization should improve rapidly. Dr. Farr gave a short, but very helpful criticism of the program at its close.

The meeting was turned over by the president to Lyle Stageburg, acting as toastmaster of the day. Lester Gray was member-critic. Speakers were Dave Critchlow, who talked on the growing "Malady of Power" as shown by recent dictators; Clarence Zingheim, on "Blowouts— and Their Prevention"; Harold Stigers, who gave a practical discussion in favor of having the art department turn out posters for the school, and Joe Carter, whose incidents in the life of Trotsky, the "Man Without a Country", proved very interesting. It might be noted that Harold Stigers' idea was brought before the student commission the following day.

Speakers For Next Meeting

Toastmaster next Monday will be Abe Fuji, who will be in charge of the greater part of the meeting. Member-critic will be Norman Kerns. Mr. Werner who was unable to attend the first meeting, will act as chief critic. Speakers will be Bill Giles, Edgar Shaffer, Bill Law and Clyde Greenhill.

Any students wishing to listen to these talks and their criticisms should be there promptly at 12:10 at which time the speeches start.

CIVIL SERVICE TAKEN IN S. F.

Last Saturday seven Jaysee accounting students and Miss Rothrock left Salinas at 5 a. m. to take a Civil Service examination in San Francisco at 8 a. m. The examination was for a junior account clerk. Each examination is four hours in length.

Those who went were Laurie Matiasovich, Betty Heinsen, Ray Kirby, Janet Rowe, Lydia Shellhouse, Adell Rogers, and Masio Shiratsuki, all of whom took the junior account clerk examination. Miss Rothrock took the state examinations for intermediate and senior account clerk, so as to be able to coach her students on the feature points of the test.

The salaries paid for each job acquired through the examinations are \$80 for junior account clerk, \$110 for intermediate account clerk, and \$150 for senior account clerk.

"Pinafore" Is Predicted As A Sell-out

Starting Monday, a select group of 50 students, selected from the student body by President Jack Kympton, began the sales campaign for the opera "Pinafore", to be presented on April 7 in the high school auditorium. There are agents selling tickets in all the outlying towns and districts.

When this group met for their first meeting, they were given pep talks by Kympton, Mr. Peavy and Mr. Sauble. These students are very enthusiastic and have high hopes of filling the auditorium. They haven't the S. R. O. (standing room only) sign painted as yet, but they believe that it will be necessary.

All seats for "Pinafore" are 40 cents, and they are on reserve at Wickenden's for the people living in Salinas. For those living in districts outside of Salinas, their salesmen will see that they get their reserved seats.

Here is something that ought to make you get out and sell tickets: Anyone selling over ten tickets will be given one free. The man selling the most will be awarded a belt buckle and the women a maroon and gold pencil.

Members of the salesmanship class and "Pinafore" cast members are selling tickets, as well as Jack Kympton, Laurie Matiasovich, Don Coover, Bob Hutchins, Olga Austin, Virginia Sturtevant, Jane Vincent, Betty Tholcke, Florence Hurst Laurie Pilling, W. W. McFarlane, Dick Carlisle, Dan Bushnell, Ruth Igleheart Bernard Wolcott, Gordon Bain, Arthur Meese, Gerard Woolful, Carleton Williams, Nettie Weichering, Luther Ogawa, Elsie Tamagni, Clayton Lamb and Vivian Stephenson.

If you are interested in getting a ticket, see anyone of the above mentioned people.

JACK RAYMON TO SPEAK ON SNAKES

Jack Raymon, a well-known NBC radio entertainer, will be here Monday to give a snake talk and demonstration at the Washington school for science students and others having a free 9 o'clock period. Live snakes are to be used and Mr. Raymon promises to cure, with his demonstration, any person's fear of reptiles. All science students are excused and any others are invited if they have no classes at that time. As the exact details about the show have not been mailed ahead, nothing can be said except that it promises to be very entertaining as well as educational.

Costume Prizes, Dancing, To Constitute Afternoon

J. C. Boys May Attend Big Legion Convention

Doug Schwartz has been chosen to represent the Junior College Toastmasters in the contest for representative to the American Legion Boys' State Convention to be held during the summer. Five hundred representatives, with all expenses paid, will meet, elect a governor, lieutenant governor and other officers and occupy the Assembly and House of Representatives. There they will hold down the state capital for five days.

Limit 500

Each American Legion post selects one or two representatives, according to their membership, but only 500 boys can be accommodated. One representative each will go from Salinas, Carmel, Monterey, King City, Soledad, Gonzales and Castroville.

Mr. Jack Gillis, as chairman of the American Legion committee, has charge of the selection. Each candidate as put up by representative organizations in Salinas, will be chosen for his personality and executive and speaking ability at a contest to be held at the American Legion. The winner will be the one to go to Sacramento. There is always the possibility, of course, that the other posts will select the J. C. students from their communities and that we might have a group of S. J. C. members running our state.

The convention will be held at some unstated date during the summer.

WOMEN PLAN ANNUAL PICNIC

Meeting Tuesday morning, members of the Upsilon Gamma Chi started arrangements for a picnic to be held for the men sometime in May. On the committee for arrangements are Florence Hurst, Harriet Holman, Marie Heer, Ruth Greve, and Elizabeth Taylor.

A committee was also appointed to plan for a faculty tea to be held sometime soon. Armistine Salmina, Barbara Bentley and Eileen Jacks will serve on that committee. No definite date nor committee has yet been decided upon for the Mother's Day tea and fashion show to be held in May.

A Junior College Women's Club convention to be held in Chico April 1 and 2, will be well attended by the Jaysee girls and their advisors. Mrs. Baxter and Miss Faith Fraser, with Vivian Stephenson, Flora Panzierra, Jane Vincent, Olga Austin, Elsie Tamagni and Edith Kopp are planning to take advantage of this convention.

We said there would be a big surprise for April 1, didn't we? Well, here it is! On April 1, the day of fools, members of the Salinas Junior College will outdo themselves looking and acting like the fools they all want to be once in a while. Have you guessed? The day is called "Old Clothes Day" — that day when you can all relax, wear anything you wish, and have a swell time. Yes, there is that old line, "But all I have is OLD clothes." Well, we all know better than that; no matter how old yours are, there's always come older, so find them.

Last year, prizes were given for the best boy dressed as a girl, the best girl dressed as a boy, and the two funniest costumes. This year, besides the two types first mentioned, we will give a prize for the best "mad house" costume, and one for the "oldest". Don't want "mad house" further explained? All right, it simply means that you must be crazy enough to pretend you're crazy and then get a crazy costume that would indicate what you were crazy about. For instance, that Napoleonic feeling is always a common type of insanity, or maybe you are an ickey and went crazy about music — anything that you can think of. If it's crazy enough it will do.

Judging will take place in the gymnasium at 2:30 o'clock, with the teachers acting in the official capacity. A parade will start in front of the registrar's office and proceed to the gym, where the prizes will be awarded. The gymnasium will then be open until the buses leave, for dancing. The electric phonograph will furnish the music, and no charge will be made for an afternoon of fun. Be sure you come, all tagged out in the worst you have to offer — anything (almost) goes.

Scholarship Award

A one year's scholarship at the Salinas Junior College or a trip to Glacier National Park — that is what is being offered to the winner of the California Rodeo's Outstanding High School girl.

This is the first time that such a worthwhile alternative has ever been offered. Ten men of Salinas, who are interested in the welfare of the Jaysee, have contributed \$50 each. The winning girl will be given room, board, registration fees and books, all free of charge. If she wished to take the horseback riding course, her fee will be included in the scholarship.

STUDENT FINANCE

During the last commission meeting it was discovered that the student body finances totaled \$1385, with only \$460 to be paid out. If the budget is kept down for the remaining three months, the students may yet come out on top.

EDITORIAL

SPRING RAMBLINGS

Spring is here, tra la, tra la. Now is the time for every young man to turn to thoughts of love --- from Shakespeare, isn't it? Anyhow, these lazy days in the sun (there was some when I started to write this) are ruining my disposition --- toward work. Look, not even a decent editorial, and no ambition to go look for one. I might write on school spirit, but that's hard enough to tolerate in winter weather. There was a suggestion about keeping the halls clean. Of course, that's an excellent topic, too, the halls SHOULD be clean; they certainly look like a grammar school's dump yard now, but then people are too lazy to find a trash can this kind of weather --- besides its keeps the N. Y. A. boys busy. That lovely lawn out in front has all been cut down, and where will the students sleep now, poor things? No cooperation around here --- no cooperation, that's the trouble. Members of the faculty seem to have trained themselves in their centuries of concentration until the seasons go by unheeded (until that unsightly gray is easily combed away with a few drops from some advertisement).

Speaking of cooperation reminds me that we still need some cooperation for a year book. Don't misunderstand. There will be a year book this year, and you students have already paid your good money for it, but the advertisements are still a good deal on the short side. The fewer advertisements, the less money, and the less book. In other words, the quality of the book will decrease with the ad decrease. Why don't you students do something about it before this kind of weather completely submerges you?

P. S. --- Don't forget that there will be finals in about six or seven more weeks. Better store up a little energy as well as so much vitamin D. Now that I've got you waked up a little, I hope, you can go back to sleep. Easter vacation draws nearer; then you can rest to your heart's content, and no one to stop you. (Hope it rains).

MUSIC NOTES

BAND TO HAVE NEW UNIFORMS

On March 28, the band members will all be measured for new uniforms in the school colors. From an unorganized remnant of last year, to a full-fledged and properly uniformed band of this year, is quite an advancement for the Salinas Junior College. After the band made such an excellent showing at the concert last Thursday, it is only right that they should be able to make even a better one in the future.

It is rumored that the girls have finally won out in their long fight of skirts vs. pants and that the new uniforms for the girls will be skirtless. They should be quite nice looking while on parade and other exhibitions with the school colors advertising the J. C.

The orchestra is rehearsing the opera cast on Saturday morning. This is the first complete rehearsal, and as the opera is coming off on April 7 it is very important that everyone should be present who possibly can get there.

SAFETY MEETING ATTENDED IN S.F.

After a hasty departure early last Tuesday morning, Mr. Werner, popular prexy of the J. C., and chairman of the Chamber of Commerce safety committee, Fred McCargar, secretary of the chamber, and Doug Schwartz, member of the Junior Chamber of Commerce, attended a state-wide meeting of the California Safety Council at the Commercial Club in San Francisco.

The meeting concerned itself chiefly with the problem of building overhead highways in San Francisco to relieve the congestion of traffic in the downtown district. These immense structures are to be built on the order of the ramps approaching the bay bridge at a cost of approximately \$2,000,000 a mile. Awards are to be presented to the towns having the best safety records at a later date. It was learned that Salinas is among the top ranking towns of California.

Let's watch that record!

Alpha Gamma Sigma To Be Given Charter

At the last convention of the California Junior College Honor Society, Salinas J. C. was officially affiliated with the Alpha Gamma Sigma. The charter will be presented as soon as a meeting can be arranged with Mrs. Anna Beck Walker of the Santa Rosa J. C., who now has the document. This will be done at some student body meeting in the future.

At present the club includes 22 members, eight eligible students not having asked to join. Members will be wearing pins as soon as they can be secured in a group lot.

Hi, Studes!
Well, the biggest guffaw of the week is "Heavy" Woelful's technique with the new frauleins from San Jose State. One, especially, seems to have attracted the big boy's eye—a little brunette with a Simone Simon complex. The local Lothario met her at the beginning of the week by hypnotizing her with his so-dazzling smile. In practically no time at all he was in possession of her phone number and address. Lately he's been seen escorting her. Wow!

Next week we celebrate ye day of old garments and we want to see EVERYBODY out next Friday, April Fool's day, in rags, patches, spats, or what have you! Remember, next Friday.

Well that's about all for this week. The paper seems to have too much copy and I'm requested to cut it short 'n snappy—so here I end. There, dern yez; satisfied?

GRACE PHELAN TO APPEAR AT HIGH SCHOOL

Miss Grace Phelan, world's amateur typewriting champion, will give an exhibition in the high school auditorium on Wednesday, March 30, at 1 o'clock. Miss Phelan set the official record of 129 correct words per minute, passing by two words per minute a record of 14 years' standing. Writing for 30 minutes, she made only nine errors, counting less than one-fourth of one per cent of the 3,957 words written. Miss Phelan, from Etta, Penn., has been touring the country exhibiting her talents since her victory.

Seventy-Five Boys Get Cinch Notices

According to the latest figures from Mr. Sauble, 38½ per cent of the J. C. boys received cinch notices last month and over ten per cent were given two or more. Out of the 195 boys registered, 75 were given pink slips, 16 of them receiving reminders from two classes and two being presented with three each. Last semester's records have not been examined, so we can't compare this latest list with the others to determine the increase.

SALINAS EXHIBITS AT S. F.

Representing the Salinas J. C. in the annual Northern California Junior College Art Exhibit, held in the De Young Museum, San Francisco, from April 1 to May 1, works by Don Smith, Ichiro Hayashi, Yuri Nishi, Eugenia Gomez and Jane Dubendorff have been sent this week, according to Leon K. Amyx, art instructor.

Two water colors and a figure drawing were included in Smith's work. Two water colors and a charcoal composition were contributed by Hayashi, a charcoal composition by Yuri Nishi, a design by Eugenia Gomez, and a figure drawing by Jane Dubendorff complete the local showings in the exhibit.

ARTISTS' SKETCHES

Barbara Bentley, graduate of the Salinas Union High School, is taking composition in the art department as preparation for photography. Barbara will take the University of California photography course as soon as she finishes junior college. She then plans to go into this type of work in the commercial field.

Mel Stromberg, of Prunedale, is the busiest student in the art department. When there's a dance coming up, or a basketball game, why call on good old Mel—he'll turn out a poster in nothing flat. At present he is taking commercial art and composition. He has turned out some surprisingly good commercial posters, showing special talent in his favorite line, cartooning. Mel plans to be either a commercial artist or a journalist when he finishes Jaysee.

THE CLOTHES CLOSET

Believe it or not, last Monday was the first day of spring, so now is the time to start thinking of clothes. Last week we told you about spring dresses; this week we will tell you about spring accessories and original color combinations.

One of the most popular accessories this year is the "Bug". It may be worn on a suit, dress, coat, formal, or any place where an ornament is needed. A novel idea is to have the little "bugs" act as buttons. There are many species of bugs one may purchase, such as beetles, bees, spiders, and crickets. You can get them in all sizes and in many colors. Another popular accessory is the clip. Just as there are many varieties and sizes of bugs, you have the same selection in clips. The wise person will take advantage of these ornaments as they will help to make your costume more complete. Watch Barbara Tracy for the use of clips and bugs.

While walking down the hall I started to notice all the different color combinations. There are really many people in this college who do know how to combine colors. Both the men and the women should be complimented. It would seem as though blue was everybody's favorite color. There were over 50 women in college Tuesday that wore blue. Some very attractive ensembles were seen. Vivian Stephenson, president of the U. G. C., wore a powder blue skirt, a blue shirt and a deep pink or old rose sweater. Elsie Tamagni was attired in a turquoise blue skirt with a brown and blue scarf and a brown jacket. Who said athletic women didn't take time to dress attractively? Barbara Bentley had a dark blue wool dress on with red accessories, and Betty Brown wore a powder blue skirt with an eggshell sweater. Don't you agree that blue is going to be a popular color this spring?

Key Hole

This seems to be Cupid's week. Maybe it's just the idea that the first day of spring is now a thing of the past. Whatever the cause, we hear that Emily Alarid up and became Emily Nunes last week. It isn't Leo—but Henry. Emily was around the halls last year.

Cupid again. This is probably known to all, but repeating it will spread the good news. The ring on Ann Kepner's finger was placed there by Wesley Settle. We understand there will be wedding bells in the near future. Congratulations!

In this case, it couldn't have been spring, as it started last fall, but it doesn't seem to have attracted much notice. Sophie Riggs and Donald Blake will soon be able to enjoy the park benches again.

To change the subject. I was watching the girls' noon basketball game the other day. Aileen Breschini must be built on a spring. She bit the dust a number of times, but was up before you knew she was down. If Elsie Tamagni doesn't look out, she'll wake up dead some night. She has an infuriating slow bounce that the girls can't seem to get hold of.

Jimmy Hutton is threatening to give the Battery a spring cleaning. Wonder if he thinks we know how much studying he and Agnes Fernie don't get done while they sit and gaze into each others eyes.

There's an overcoat hanging in McCann's room. It's equipped with a handkerchief plentifully smeared with lipstick, and a Palo Alto match holder. On it is a sign reading "For sail cheep". Do you suppose it belongs to someone and he's scared to claim it?

Eleanor "Red" Beaumont must be slightly touched? She walks eight miles a day, just to get to ride once a day on the bus that Harold Ball drives. Ain't love grand? Especially if it would come with a car attached.

Burton Stokes has finally been hooked. Should we congratulate Marie? They were at the skate together.

Victor Paul Porter is another man who seems to have it in a bad way. There's a certain "Miss X" who lives up in Berkeley 'round about, whom he goes to see nearly every weekend.

Wilbur McFarland nearly threw the hygiene class into hysterics the other day. When asked to name the parts of the ear, he reeled off a list of medical names about ten miles long. Some poor soul murmured "Speak English, please", before he went under for the third time.

Beth Sanders has God's best gift, and doesn't know it. She hears, speaks, and sees no evil in anyone. Blessings on thee little maid.

Everett Olsen's fascination must lie in his green eyes. One girl said he looked at her and she nearly passed out. Well, we didn't know he went quite that far.

There certainly was a fast

Practice Home Notes

The practice home girls are entertaining again. Wednesday night Mr. and Mrs. Eris, Miss McKay, and Mr. McCallum were dinner guests at the home. Emma Shew was hostess. The main course of the dinner, which was served in family style, was chow mien; Chinese steamed cake formed the desert.

On Thursday, a buffet supper was served to a number of guests who afterwards attended the dance program at the high school. Emma Shew directed the games and other activities which were played by the guests.

Guests at the farewell party were ay Lew, Yee Lew, Mary Chin, Lupe Lee, Ruth Jang, Eleanor Lamb, Laura Wong, Kimiko Shiratsuki, Frank Chin, Diamond Yee, Willie Wong, Hugh Chin, Jack Lew, Blanche Chin, and Viola Shew.

This marked the end of the second four weeks' period for the practice home class. On Monday a new group will move into the home and take over activities. The girls are allowed one dinner guest a week, and during the last week, they have a big party, and several guests. This gives them experience in playing hostess to large and small groups.

The girl who is cook for the week is entitled to invite one guest and cook the meal for that time. Guests may come to see the girls at any time.

bunch at the skate the other night. They went around so furiously one really saw double, and thought there were more present than usual. And on top of the swiftness, if you add the Howard brothers, Davis, Tucker, and a few others, who just love to get in the way, you have one grand time dodging people. But that's the fun of skating anyway.

Would the person, or persons, who have taken, stolen, swiped or borrowed (1) a blue umbrella, (2) a pen, and (3) a binder containing class notes from the Battery room, please return them in a hurry. It's just grand for the student body to leave us contributions in the form of news or gossip, but you needn't expect pay.

BITS OF BLUFF

Time marches on once again — boom, boom, boom... I wonder what kind of a time the kids will have at the press conference. Something tells me they should have a good time. — On Thursday night at the concert, after Ann Kepner had finished playing in the orchestra, she went out in the audience and sat next to a very good looking young man. I turned around to look at them and, lo and behold, they were holding hands. Well, Monday when she came to class she was smiling so cute and looking so happy I could not help going up to her and asking why the big smile. Then, surprise of surprises, she held up her left hand and, on the third finger, there glittered a huge diamond ring... ah, romance! Ann, we all want to wish you the best luck in the world and we hope that you and Wesley will always be as happy as you are now. — Burr, Ellen, Janet and George seemed to be having quite a time over at the San Carlos Saturday night. They went trucking on down, yes, man. — Janet Dennis was given a surprise party Saturday night. The party was composed of six couples. The evening started out with a progressive dinner and ended up over at the San Carlos. — Tra la la spring, beautiful spring...

It seems as though Homer Widener is just waiting to get something thrown at him. He had the nerve to say "Will some one give me a 'Pinafore' to hold my pants up". — Maybe I am wrong but I think some of the students in this college should look up in a book of etiquette just how to act at a concert. Some of them were very rude and noisy. Shame on you; you are old enough to know how to act when you go out. Or don't you? — Say, what is the world coming? You press the nickel value down, the music goes round and round, and it comes out here, here, here, here, the broken record with a little dipsy doodle. — Would you believe it? All Dick Carlisle does is worry; if it isn't about one thing it's about two. I wonder if he has ever been in love? — Whoops, getting too personal... Really, coach, you shouldn't run in front of cars; the next time one might not stop and then your face wouldn't be red; it would be white. You know you have got to stay alive to see Claudia married to some big athlete. — Oh, me, if I could only find a Tarzan; just think what fun it would be to be dragged around from tree to tree, eat crocodile meat, sleep in the wide open spaces, and have a monkey do your work for you... Ah, me, that is the life. — Say, Scotty, what are you doing, trying to see how many hearts you can break? Have you got Olga Austin's or is she taking yours? — Marie, why are the windows in the halls so nice to stand by when a certain person is outside? Could it be that he is interesting to watch, or is it that you like the sunlight. — speaking of the sunlight, I don't think I am ever going to see it again... we will all soon be growing web feet and go splashing our way through the puddles... Can't you just hear us or see us, or what have you. — Mr. Werner, we hear that you had a very good time in the city and that you had a better time

We Wonder

What happened to Marian Shearer and Roy "Flash Gordon" Voris?

If "Steve" is going "steady" or is it a certain person down Santa Cruz way? Anyway we believe she has taken quite an interest, in a quiet way, to a certain J. C. boy.

If "Googs" and Hank got gyped when they sold the Ford for a dollar?

If Burton Stokes and Marie Heer are just only family friends as has been rumored. (We can answer that one!)

If Bill Wing enjoyed himself Saturday night? Nice work Bill!

If Bill McLean is too particular or just doesn't care for girls?

If Jane Vincent will bring home a fraternity pin Friday night?

If Harold Vorheis enjoys being the patient in his physiology class?

If Joyce White and Olsen are such nice friends? Careful, Olsen; she goes steady, and has a hope chest.

If Kirby would make a good arithmetic teacher. How about it, Dot and Steve

Who "Red" Beaumont's interest is? Nice picture, "Red".

yet when you were stopped somewhere between here and there. Who won? — Say, Bob, why don't you put out the light; you embarrass me; anyway, you had better be careful what you say next time; you know it comes right back at you. — It seems as though Bits of Bluff is dead but in it's place we will have Nuff Said. So until next week, Nuff Said.

IT PAYS TO ADVERTISE IN THE BATTERY

That it pays to advertise in the Battery was clearly brought out in an incident that occurred the other day. Richard Hamby, new Panther track trainer, was attempting to get the various prices on rubdown liniment from several local drug stores. After contacting two establishments, he found one stating a price of \$5 and the other \$3. As he was about to give the order to the latter he was stopped by a student who suggested that he try Chase Holaday, who by the way, had an advertisement in the Battery a short while back and had also presented the school with a trophy, which was given to the football player with the highest grades last season.

Holaday's Pharmacy was contacted and not only was his price the most reasonable, but the fact that he was one of the supporters of the school paper made him the most logical one to order from. The deal was closed. It pays to advertise!

TRACK NOTES

Time trials at the Salinas High oval Wednesday found the Panthers hard at work in preparation for the meet with the California frosh team.

Vella was clocked in 55:5 in the 440, Stewart in 57 flat, and Garcia in 59, which isn't bad at all for the poor condition of the track. Vella in the second workout of this season, also ran the 220 in 23:5, followed closely by Meese and Bain.

Broad jumping was confined to a few practice leaps for height and form. Meese, veteran jumper, and Bain, former Monterey High star, were leaping close to the 20 foot mark.

Bronson, Mustang jumper in his first workout of this season, leaped over the bar with ease at 5.5.

S. J. C. Tracksters Are to Meet Bear Frosh Tomorrow

The Salinas Jaysee is planning to send a track team to Berkeley tomorrow to compete with the Bear yearling tracksters. The combined teams of Salinas J. C., Santa Rosa J. C., Martin J. C., and San Francisco J. C. will face the Cub spikesters in what should prove to be the great test for the Panthers. The showings in this meet will determine the relative strength of the individuals in their respective events as well as the strength of the team as a whole.

Candidates for the trip are Carlsen, Stan Cummings, Harold Vorhies, Jack Kympton, Johnson, Stokes and Roy Voris, weight men; Bain, Art Meese, Bronson, Wells, and Mitchell in the field events; Milt La Franchi, Restar, Stewart, Greening, Eaton, Garcia, Paine, Giles, Korzine, Dempsey, and Clarence Zingheim in the sprint and long distant runs.

Although handicapped by the weather conditions and the lack of practice facilities, most of the Panther cinder path artists are in fine shape and rarin' to go.

NOON GAMES

Virtually cinching the championship (cellar), Silliman's Vandals dropped two more games in the noon series of basketball contests.

Last Friday they dropped a close decision to Sid Carter's All-Stars, who are now leading the loop, 27-25. The game was close throughout with both teams exhibiting smooth passing, fast breaks, and tight defenses. As usual, Cap Carter led the attack for his team while Tad Oda was taking them from all angles for the losing team.

Monday noon's game between the lowly oft-defeated Vandals and the sparkling quintet of Diamond Yee found the former defeated as was expected. Ray Kirby turned on the heat for the losers but to no avail. Paul Lauritson starred for the victors by playing the game of his life.

After trailing during the first half of the game, Sid Carter's All-Stars staged a brilliant rally to overtake and thoroughly drub Delmore Wood's ten o'clockers, 36-17, Wednesday noon. Les "Socks" Stocking led the victors in scoring, while Fuji and Kawamoto bore the brunt of the attack for the losers.

COMMITTEE MEMBERS

Principal R. J. Werner and Coach Ed Adams have been appointed to the Salinas Chamber of Commerce Recreation Committee under the chairman of Dan Nagle. Don Coover is the student member.

Panther Varsity Nine Defeats Cowboys 12-1

Although the Jaysee Panthers did not get to play Modesto Junior College last Saturday, they got in a good practice game with the Salinas High School and beat the Cowboys 11 to 1 in a seven-inning game.

The Panthers got a good workout and got the feel of how a ball game goes. They had an advantage over the high school, as the Cowboys had played a game just previously with Watsonville High.

Bob Coover started the game on the mound and made a good showing, K. O'ing one hitter each inning. Near the close of the game Harold Silliman and Smoky Joe Garcia were put in to chuck, and they each showed they had something on the ball.

All of the boys saw action and the Panthers should develop into a fine ball club in the near future.

Most of the boys got at least one hit off the high school pitcher, and Laurence Head and Don Nerelle hit two that really took wings.

Other Panthers who made a good showing were Tony Amaya, Burton Stokes, Jay Stuart, Don Coover, Hughes Andrus, Billy Frazier and Thaine Strickland. The batteries were Bob and Don Coover, Harold Silliman and Don Coover, and Joe Garcia and Don Coover.

SWIM TEAM WILL FORM

There is an attempt being made at the present time to form within the junior college a swimming and diving team which would have meets with other Jaysees and college teams.

Bill Jensen, who is in charge of the sign-up, has a small list of candidates so far. If you can tread water in such a manner as to keep from drowning, you're the man he wants. Anyone interested in swimming or diving should contact Coach Adams or Bill Jensen for further details. Who knows? You may be another Jack Medica.

Jaysee Netmen Are To Meet Marin

In order to determine the four or six men who will represent the Salinas J. C. in the conference tennis matches, it will be necessary for a round robin tournament to be held some time in the middle of each week.

Four men will enter the conference matches, while in practice matches as many as eight men may play.

Tomorrow, the Marin J. C. tennis team will come here to play the Panther varsity in the first conference match.

The eight highest ranking players at present are Storm, McLean, Sorenson, Gee, Stokes, Martin, Oda and Noyes.

Panther Nine Will Travel to Santa Rosa Saturday

Early tomorrow morning the Panther baseball nine will embark on a trip to Santa Rosa where they take on the strong Santa Rosa Jaysee team.

The Panthers have a perfect record so far, having called off two games and trouncing the high school nine 12 to 1 last Saturday.

The Santa Rosa team has a good record, having defeated one of the Pacific coast teams in an early season game. The northern school has been known to be vitally interested in baseball for a long time.

The Panthers have some good material now, especially pitchers, and a good nine can be rounded out from the boys who are out. With the addition of three boys, the Panther nine will number about 14 players.

The first game at Santa Rosa will start at 12:30 and will last nine innings. There will be a 15 minute rest period, and then the Maroons will go into a seven inning slugfest to top off a double-header.

Boys who will make the trip north are Bob and Don Coover, Tony Amaya, Burton Stokes, Lawrence Head, Joe Garcia, Harold Silliman, Jay Stuart, Billy Frazier, Thaine Strickland, Dick Johnson, Laurie Matiasovich, Don Nerelle, Leroy Jewett and Everett Olson.

The battery for the first game will probably be Bob and Don Coover. Other chuckers who will see action in the second game are Harold Silliman and "Smoky Joe" Garcia.

PANTHER of the week...

Bill Giles that handsome brute from Pacific Grove, was born in Hollister, California, on February 10, 1919. He went to grammar and high schools in Pacific Grove and then entered Salinas Jaysee.

While going to P. G. high, he went out for football for two years, and went out for track two years. He worked on the "Knockout", the high school scandal sheet for all four years.

Bill doesn't plan to indulge in any more schooling after graduating from Salinas Jaysee. He wants to enter some phase of the lettuce business in Salinas after graduation.

He must be a speed demon because his hobby is motor boating, and he is going out for track in the Jaysee. He will run the 880 and relay.

JAYSEE BOXERS TO FIGHT WITH S. M. FIGHTERS

Tonight, March 25, the newly organized Panther boxing team will exchange blows with the visiting San Mateo Junior College pugilists. Although the names of the northern contestants were not available, it is known that their squad is very strong and is expected to give the locals some good hard matches.

The Panthers will put forth practically the same team that defeated the high school two weeks ago. Tom "Jack" Dempsey will fight at 160 pounds; Hughes "Babyface" Andrus will weigh in at 165 pounds; "One Punch" Vella will fight in the 148-pound division; "Mustachio" Gray will tip the scales at 140; Abe "Whirlwind" Fuji will enter in the 1932-pound class; Norm "Boy Wonder" Rial will battle at 127 pounds.

On the strength of their fine showing against the Cowboy leather pushers in their meeting two weeks ago, the pugnacious Panthers, prodigies of Peavy, promise to pommel pie out of their opponents.

The matches will take place in our own gymnasium and should prove interesting to anyone desiring an evening of entertainment. The boys promise not to beat up their opponents too badly, so those humane individuals should feel free to attend.

Mr. Peavy and the boys have worked hard to promote these matches. Come and cheer them on.
